AUSTRIA SUB AND ITALIAN SHIP IN DUEL

Attempt of Submersible to Sink Transport Brings Fire of Destroyer.

BOTH VESSELS SUNK

Boat With Troops Escapes Unharmed—Crew of Undersea Craft Held.

Rome, Monday, Nov. 6, via Paris, (11:29 p. m.)—An Austrian submarine and an Italian destroyer were sunk in a duel on the night of Oct. 19, according to an official statement issued by the admiral today. The submarine had attacked a transport which escaped.

The text of the statement follows:

"An Austrian submarine attempted on the night of Oct. 18-19 to torpedo one of our transports conveying troops, but was discovered and attacked by a destroye. The submarine and the destroyer sank while the transport reached its destination safely. The majority of the crew of the submarine were made prisoners."

"On the night of Nov. 1, our destroyers, after crossing boldly and successfully, a mine zone and surrounding by their daring bold operations, including the Panama Canal, managed to enter the customary anchorage of most of the Austrian fleet. Our transports were fired against once more and were observed to catch in the vessel's torpedoes net."

Dark Parts of Poly.

"For two hours our destroyers remained, waiting a few hundred yards off the coast, and strong citadel of Poly and only withdrew when they had accomplished difficult and most dangerous tasks."

"Many powerful searchlights beat the sky and sea, and batteries opened random fire."

Sink Austrian Steamer.

"On the night of Nov. 3, several of our destroyers sank a large Austrian steamer anchored at Durazzo under the shelter of darkness and a mine zone. Enemy destroyers came out and were attacked by our ships which forced their retreat. Our destroyers then returned safely to their base. On Nov. 4, three enemy destroyers appeared at dawn before Santa Pidilucare and began to bombard that part of the coast, though no military works are there. One of our armored trains rushed up, engaged and drove off the enemy. Two destroyers were hit one was even with a heavy list being assisted by others. The enemy fire was ineffective, one railroad man being slightly wounded and small damage done to private property."

NEW YORK READY FOR FETE NIGHT

Broadway Hotels, Restaurants and Theatres Prepare for Great Election Celebrations.

New York, Nov. 7.—Broadway hotels, restaurants and theatres prepared today for what promises to be the biggest fete night in recent years. New Year's eve not excepted. Proprietors of leading hotels and cabarets reported that demands for table reservations for election night, celebrants have exceeded all records. At one well known hotel arrangements have been made to accommodate 5,000 persons. Election returns will be thrown upon screens in several spacious reception rooms.

Secretary of State Lansing, who with Mrs. Lansing will come from Washington, N. Y., after he has cast his ballot, will receive the returns, it was announced. In company with Vance McCormick, chairman of the democratic national committee, and Col. E. M. House.

Nearly 3,000 miles of ballots were required in New York City today. At each of the 2,128 polling places in the greater city there were placed early today 2,200 ballots which will be counted by eight election officials at each polling place, a total of 18,934 officials.

DUNNE AND FAMILY VOTE A STRAIGHT DEMOCRAT TICKET

Chicago, Nov. 7.—Governor Edward F. Dunne and his daughter, Mama, voted the straight democratic ticket in the polling place at 419 North Clark street.

"There are a lot of democrats voting this morning," remarked the governor. "Who will be the next governor?" asked a friend.

"I think he will resemble me to a marked degree," smiled Mr. Dunne.

CAPT. BOY-ED'S PLAN TO WED YANKEE GIRL BLOCKED BY CENSOR

Miss Virginia Mackay-Smith.

An overzealous American navy censor, stationed at the Sayville wireless station, is blamed for the temporary wrecking of an international romance, involving Captain Boy-Ed, the German naval attache recalled at the request of President Wilson, and Miss Virginia Mackay-Smith, daughter of the late Bishop Alexander Mackay-Smith. The attache asked permission of the kaiser to marry the American girl, and the latter's reply: "His Majesty has graciously granted your request to marry," looked too much like code and was held up by the censor.

The president was accompanied by Mrs. Wilson. When they arrived they were greeted by a demonstration staged by Princeton students and professors. At the entrance of the Princeton campus a drummer stood awaiting the president's coming and as his automobile drove up the drummer beat a tattoo. Almost instantaneously a large corps of moving picture operators and photographers took up strategic positions. A small opening in a window enabled some of the students to peer inside the engine house and they pushed and jostled for a glimpse of the president. Mrs. Wilson sat in the automobile and laughed.

When the president emerged the students again cheered him and called "Speech! Speech!" but the president only shook his head and smiled. He greeted several in the crowd by name.

The president started back for Long Branch immediately, leaving at 9:30 o'clock. He planned to spend the remainder of the day playing golf and resting. He will receive the returns by telephone from Secretary Tammany tonight.

Seattle, Wash., Nov. 7.—The Snohomish county authorities, assisted by the Seattle police, in whose custody 250 persons are held in connection with Sunday's fatal clash between members of Industrial Workers of the World, and a posse of Everett, Wash., citizens, continued their efforts today to identify the men who actually engaged in the shooting.

Witnesses thus far brought from Everett have been unable to pick out any men who were seen to fire at the citizens on the Everett dock.

Meanwhile the local headquarters of the I. W. W. is gathering funds and arranging for the defense of the men awaiting arrest.

William Blackman, mediation commissioner of the United States department of labor has begun an investigation of the industrial conditions at Everett with reference to Sunday's rioting.

This does not include British auxiliary cruisers, submarines, torpedo boats, or gunboats lost.

According to the known strength of the British navy at the beginning of the war, it has lost 14 per cent of its battleships, 30 per cent of its armored cruisers and 11 per cent of its protected cruisers. Thirty-nine ships of a total of 442,500 tons have been destroyed by German naval forces.

The extent of the British losses is not available in view of the fact that at the beginning of the war the French navy's tonnage was 497,000 and the Italian navy's 215,000.

Moreover the British navy has lost 26 torpedo boats of 7,150 tons and 76 submarines.

The reference to the foregoing to British warships sunk off the Irish coast doubtless concerns the German admiral's announcement on Nov. 5, that a small British cruiser of old construction had been sunk by a German submarine off the west coast of Ireland. The British admiralty stated it was evident the German government referred to the sinking of the British mine sweeper *Gentian*.

ELECTION FRAUDS FOUND IN CHICAGO

Several Arrests Reported to Have Been Made By Federal Officials—Votes Bought, Claim.

Chicago, Nov. 7.—Federal investigators were reported to have uncovered frauds and to have made several arrests. It was said evidence of vote buying had been secured. As the evidence is for a grand jury, no details were made public.

Hinton G. Clabaugh, of the bureau of investigation, department of justice, said the investigators brought in between 25 and 30 men, 12 of whom were detained after admitting they had sold their votes for 50 cents and upwards. Agents with instructions to make arrests were sent in search of the alleged vote buyers.

The alleged frauds occurred in the First, Second, Eighteenth and Nineteenth wards. Alderman Keenan, according to Mr. Clabaugh, offered to give bonds for the men who were held.
